

Prayer Against Violence During the Antifa National Day of Rage November 4, 2017

Father, as we enter into prayer, please forgive our sins in Jesus' name. Lord, we lift the Antifa Day of Rage gatherings planned across the United States on November 4 to your throne of grace. Your word teaches us that we do not wrestle against flesh and blood, but against the evil spirits in the environment and in the people of this world. Your word teaches us that those who live by the sword die by the sword. We know that we cannot achieve our goals to overcome darkness in the physical realm through violence, but only by spiritual warfare in the spirit realm. We now call upon the mighty spiritual weapons of God, including the keys of the kingdom, to pull down the strongholds of the enemy. We declare that victory is won not through might, nor by power, but only by your Spirit Lord Jesus. We now renounce and come against Satan, the prince of the power of the air that works in the children of disobedience and every evil principality, power, ruler of darkness, spirit, demon, witch, warlock, satanist, occultist, the spirit of anti-christ, and every evil entity (the Enemy) that would attempt to drive, motivate, manipulate, and control the protestors, counter-protestors, law enforcement, bystanders, and all people present on this day.

We pray that you would send all of your heavenly host into battle on this day. We loose your angels to bind the Enemy with chains that cannot be broken covered in the blood of Jesus. We loose spirits of judgment, burning, destruction, blindness, deafness, dumbness, confusion, civil war, and fragmentation upon the Enemy. We pray that you would remit all sins of all involved, including the protesters, police, bystanders, every entity in the air above, the ground beneath, all around, and all sins committed in the environment, back to Adam and Eve, in Jesus' name. We are very sorry for them. We loose your angels to clean every satanic, witchcraft mark, trap, and portal in and around them. We loose your angels to cut and block all lay lines and traveling routes and lines of reinforcements of the enemy in, around, and through the protesters, those around them, and their environment leading up to and especially on the day of the event. We ask that you would seal every living entity in their environment, and especially the protesters, with the armor of God, the blood of Jesus, a strong hedge and wall of fire, and fill them with all with the Holy Spirit and the fruits of the Spirit so that they may not be used as staging points for the enemy to attack from.

We pray that every spell, hex, vex, curse, incantation, psychic prayer, chant, ritual, and blood sacrifice done to power this event, the protesters, the locations, and those around them and their environments will now be broken and canceled in Jesus' name and returned to the senders, seven times seventy fold and be bound to them with the blood of Jesus for you to do with as you will Lord. We also ask that all evil soul ties and links with darkness formed openly and in secret will be cut and sealed by your angels, and we ask that you will restore their souls. We pray for the salvation of all involved in these protests, especially for the Antifa leaders Yvonne Felcara and Tom Bloke. We loose spirits of power, love, sound mind, faith, truth, knowledge, wisdom, meekness, humility, longsuffering, temperance, peace and joy into them and the location of the protests. We loose sufficient amounts of your giant sperm whales to attack every spirit of witchcraft, witchcraft control, mind control, thought control, and all mind occult and occult spirits in the protesters and in those around them and their environment in Jesus' name. We loose sufficient amounts

of the appropriate heavenly creature that is best suited to destroy whatever evil entity is inside the protesters and those considering violence. We ask that you would, in sovereign power, reach inside all considering violence to silence and remove all demonic entities and send them directly to the lake of fire. We also ask that you would creatively confuse, frustrate, and disappoint those who intend serious harm in the physical realm so that no damage may be done. We ask for extra protection of the innocent bystanders that may be affected. We ask that you would bless law enforcement and first responders with superior intelligence, protection, strength, resolve, and courage in the face of darkness.

We pray that you would also frustrate and confuse all those who would finance and organize violence all over the world and cripple all of their resources.

Lord, we also ask that you would send mighty storms, rain, thunder, lightning, wind, and adverse weather upon all locations of the planned protests of such magnitude that they would not be able to hold their meetings.

We pray that the Holy Spirit would stir the body of Christ everywhere to pray against all violence on this day in particular and that your body would be in perfect harmony, accord, and unity of spirit to stand against this evil. We pray that Christians everywhere would be bold in their stand.

We ask all these things in Jesus' mighty name all, according to your perfect will. We give you all the honor, praise, and glory. Amen.
